Professional Summary

Detail-oriented Operations and Mortgage Professional with over 3 years of experience executing moderately complex banking and loan operations. Proven track record in data collection, operational reporting, compliance documentation, and process optimization. Possesses excellent verbal and written communication skills, with a strong ability to interpret personnel policies and collaborate cross-functionally to resolve workflow exceptions. Skilled in Salesforce, Encompass, JIRA, and Microsoft Office (Excel, Word, PowerPoint).

Professional Experience

Senior Analyst – Moder Archwell (May 2025 – Present)

Execute moderately complex operations supporting end-to-end workflows, loan origination, and loan origination departments to ensure strict adherence to company procedures.

Review, validate, and prepare complex input forms and compliance documentation (including SSA-89, 4506-C, NOV, and appraisal reviews) for automated data processing systems.

Collect, verify, and maintain critical operational data to guarantee absolute data integrity, quality assurance, and regulatory compliance.

Lead cross-functional initiatives and departmental collaboration to consistently achieve SLAs and optimize turnaround times.

Develop, interpret, and maintain SOPs and personnel guidelines, providing operational clarity to enhance workflow productivity and consistency.

Generate comprehensive operational reports and furnish key metrics to authorized stakeholders regarding process status, exceptions, and overall performance.

Key Achievements:

- **Optimized Loan Turnaround:** Reduced loan processing bottlenecks by 15% by streamlining cross-functional handoffs between the approval and loan origination teams.
- **Audit-Ready Compliance:** Preserved a **99.8% accuracy rate** in validating complex compliance documents (SSA-89, 4506-C), ensuring zero critical regulatory findings during quarterly reviews.

Senior Operations Associate – Firstsource Solutions (2023 – 2024)

Executed end-to-end operations management for property preservation workflows, overseeing complex HOA, tax, and utility account coordination.

Maintained operational data integrity across enterprise platforms including Salesforce, JIRA, Twilio, and digital tracking tools to ensure audit-ready record keeping.

Managed critical escalation paths, resolving time-sensitive operational exceptions through professional written and verbal stakeholder communication.

Partnered with cross-functional internal and external stakeholders to streamline project coordination and meet core organizational KPIs and SLAs.

Synthesized operational metrics and data to generate performance reports, facilitating executive decision-making and structural process enhancements.

Key Achievements:

- **Escalation Resolution:** Successfully resolved over **95% of high-priority operational exceptions** within strict 24-hour SLA targets, preventing potential legal/financial liabilities on properties.
- **System Efficiency:** Cleaned and oversaw tracking data across Salesforce and JIRA, which improved team data retrieval speeds by **20%** and minimized audit preparation times.

Senior Analyst – Employment Verification, Firstsource Solutions (2023 – 2024)

Performed employment verification and data analysis to support end-to-end mortgage and banking operations. Utilized internal operations platforms to validate customer and employer data while ensuring strict compliance with company personnel policies and guidelines.

upheld meticulous operational records and prepared verification reports to support internal audits and maintain quality standards.

Coordinated with employers and internal teams to furnish authorized information and ensure the timely completion of verification requests.

Key Achievements:

- **SLA Acceleration:** Boosted verification request completion rates by **18%** by implementing a proactive follow-up pipeline with external employers.
- **Fraud Reduction:** Detected and flagged data discrepancies in complex applicant profiles, reducing onboarding risk and ensuring 100% policy adherence.

Customer Service Representative – HCL Technologies (2022 – 2023)

Supervised customer service operations and escalated case resolutions, ensuring strict compliance with internal personnel policies and service standards.

Collected data and prepared comprehensive operational reports to track performance metrics using Salesforce and Citrix.

Collaborated across departments to resolve process exceptions, identify workflow efficiencies, and optimize automated data processing inputs.

sustained meticulous documentation and operational records, safely furnishing critical information to authorized personnel in line with corporate procedures.

Key Achievements:

- **Performance Excellence:** Consistently achieved a **96% Customer Satisfaction (CSAT) score** by swiftly resolving multi-departmental process exceptions.
- **Reporting Accuracy:** Developed daily performance logs using Salesforce that cut weekly reporting errors to near-zero, enabling managers to identify workflow lag times rapidly.
